

Dear Parents,

This session, the **Summer Holiday Homework** has been thoughtfully designed to make learning enjoyable and stress-free for children.

Students will be engaged in **subject-based creative projects** that will encourage exploration, imagination, and joyful learning. Each child is required to prepare the assigned projects related to their respective subjects.

Along with academics, children are also encouraged to practice **Yoga , Physical Exercise and Meditation regularly for a healthy mind and body**. Parents are requested to click a photograph or record a short video of their child performing yoga/meditation and share it with the class teacher.

Let this summer be a wonderful blend of learning, creativity, relaxation, and happiness.

✧ Happy Holidays! ✧

Warm Regards

Grade Incharge

INSTRUCTION

All assignments will be done on ruled sheets.

The submission dates for the assignments are from 1st July to 6th July.

ASSIGNMENTS

HINDI

प्रश्न संख्या 1 से 5 तक 2-2 अंक के, 6 से 10 तक के प्रश्न 3-3 अंक के तथा 11 से 15 तक के प्रश्न 5-5 अंक के हैं।

प्रश्न १. ध्यानचंद को हॉकी के जादूगर की उपाधि क्यों मिली स्पष्ट करें।

a. Poor

- b. Intelligent
- c. Confident
- d. Accurate
- e. Noble

MATHS

Ques 01 to 05 carry 2 marks each, Ques 06 to 10 carry 3 marks each and Ques 11 to 15 carry 5 marks each.

Q1) Make your own table of supercell numbers in 9 boxes.

Q2) Find the Keprekar constant by

a) 2356. 3214

Q3) Find collatz conjecture

a) 12. b 45)

Q4) Write the definitions of

a) Obtuse angle

b) Reflex angle

Q5) Draw the following angles.

a) 110° b) 175°

Q6) Draw any two patterns of your choice

Q7) Draw a clock and show any two angles of Obtuse angle

Q8) Write the sequence of Power of 2.

Q9) How many lines can be drawn through one point.

Q10) What is the measurement of complete angle around a point, and draw it.

Q11) Write the counting and varahanka number

Q12) Find the value of the number series

$$3+6+9+12+15$$

Q13) Write the sequence of the power of 3.

Q14) Draw the pictorial presentation of square numbers sequence

Q15) Show the pictorial presentation of triangular number sequence

SCIENCE

Instructions:

Questions 1 to 5 carry 2 marks each.

Questions 6 to 10 carry 3 marks each.

Questions 11 to 15 carry 5 marks each.

Attempt all questions.

1. What do you understand by biodiversity and adaptation?
2. What is roughage? List the main function of roughage in our diet.
3. What is science? Write two branches of science.
4. How is learning science useful to us?
5. How is the venation of banana leaf different from the venation of hibiscus leaf?
6. Define terrestrial habitat Give any four examples of terrestrial habitat.
7. Differentiate between dicot and monocot plants.
8. Define a) deficiency diseases b) nutrients
9. What is food miles? Why is it important to reduce food miles?
10. Why should we avoid cooking food on high heat?
11. Water does not provide nutrients, yet it is an important component of food. Explain.
12. What are vitamins? Write the sources of vitamin A, B, C and D. Name the disease caused due to the deficiency of these vitamins.

13. Write two similarities and two differences between mountain goat and a goat found in the plains.

14. Mention the adaptations in camels that enable them to survive for many days without drinking water.

15 a) Define leaf venation. Mention the types of leaf venation, Explain.

b) Draw and label any four parts of leaf.

SST

Q.no. 1 to 5 carry 2 marks each

Q.no. 6 to 10 carry 3 marks each

Q no. 11 to 15 carry 5 marks each

1 Why do map makers use specific symbols on maps? Define any four symbols (2 Points)

2 Draw the globe and mention equator and Prime Meridian, latitudes and longitudes. (2 Points)

3 What does CE, BCE or BC stand for in historical timelines? (3 Points)

4 What are the different types of maps and their purposes? Explain with examples. (3 Points)

5 Difference between latitude and longitude . (3 Points)

6 Difference between nuclear family and joint family (3 Points)

7 What do you understand by community (2 Points)

8 Why oceans are important for life on earth explain (2 Points)

9 Describe the location and boundaries of the Indian Ocean (2 Points)

10 Describe the role of archaeologists Geologist and anthropologists. (2 Points)

Long answer type question

11 Examine the role of grandparents in Indian families based on the stories of Shalini and Tenzing highlighting their contributions to family life (5 Points)

12 What is panchang and how it is used in Indian calendar system.(5 Points)

13 Explain the significance of the vedic diety Varuna and how it relates to the Indian navy's motto. (5 Points)

Case study based questions

14 In the tribal areas of Jhabua, Madhya Pradesh, the Bhil community follows a beautiful and ancient tradition called Halma.

When a family faces a major crisis—such as a drought, a crop failure, or the need to rebuild a home—they do not struggle alone. Through the Halma tradition, the entire village comes together to help. If a family needs their field prepared or their home built, all the villagers gather to work voluntarily without expecting any payment. The family being helped provides food for the workers, and this collective effort ensures that the burden is shared by the entire community. This tradition highlights the deep bond of mutual support, interconnectedness, and care that defines a true community.

14.1 What is the 'Halma' tradition, and which community practices it? (2Points)

14.2 How do the villagers support the family in need during a Halma?(2Points)

14.3 What core values does the Halma tradition teach us? (1Points)

15 More than half of the Earth's surface is covered by water, while only land. Early astronauts observing our home from outer space noticed that the dominant color they saw was blue. Because so much of the globe is covered in interconnected water bodies (with over of it in the oceans), they affectionately named our home the "Blue Planet".

15.1 What percentage of the Earth's surface is covered by land? (1Point)

15.2 Why did early astronauts name Earth the "Blue Planet"? (2Points)

15.3 If almost three-fourths of the Earth is water, why is there a global concern for water scarcity?(2 Points)

SANSKRIT

प्रश्न 1 से 5 तक 2 अंक, प्रश्न 6 से 10 तक 3 अंक तथा प्रश्न 11 से 15 तक 5 अंक के हैं।

प्रश्न.1 शब्दार्थाः कुरुत।

कालिकाः , आभूषणे, मूषिका, सरिका,

प्रश्न 2 प्रश्नानाम् उत्तराणि संस्कृतेन लिखत।

क) संस्कृतवर्णमालायां कति वर्णाः सन्ति?

ख) अंतःस्थ व्यंजनानि कानि सन्ति ?

प्रश्न.3 दत्तस्य शब्दस्य एक वचनस्य रूपं लिखत।

क) यूयम् ख) एताः ग) अस्मान् घ) ते

प्रश्न.4 रिक्तस्थानानि पूरयत-

क) खादति _____ ख) _____ पश्यतः _____

प्रश्न.5 शुद्ध संस्कृत पर्यायं लिखत।

क) (दो) बोलते हैं ख) (सब) लिखते हैं ग) (अनेक) देखते हैं

घ) (एक) हंसता है

प्रश्न.6 निम्नसंयुक्ताक्षरैः निमित्त शब्द द्वि उदाहरणानि लिखत।

क) घ _____ ख) क्ष _____

ग) श्र _____

प्रश्न.7 निम्न शब्दानाम् वर्ण- विच्छेदं कुरुत।

क) फल ख) आज्ञा ग) कक्षा

प्रश्न.8 निम्न संख्याकान् संस्कृतेन लिखत ।

8, 9, 12, 16, 18, 20

प्रश्न.9 धातु किसे कहते हैं और लकार किसे कहते हैं? उदाहरण सहित बताइए ।

प्रश्न 10 लट् लकार किसे कहते हैं और प्रथम पुरुष किसे कहते हैं ? उदाहरण सहित बताइए।

प्रश्न 11 मम परिचयः पर 5 वाक्य संस्कृत में लिखिए।

प्रश्न 12 मम विद्यालयः पर 5 वाक्य संस्कृत में लिखिए।

प्रश्न.13 मम परिवारः पर 5 वाक्य संस्कृत में लिखिए।

प्रश्न 14 मम मित्रम् पर 5 वाक्य संस्कृत में लिखिए।

प्रश्न.15 निम्नलिखित वाक्यानां बहुवचनरूपाणि लिखत।

क) मित्रे हसतः। ख) बालः क्रीडति। ग) नेत्रम् पश्यति।

घ) सा महिला अस्ति। ङ) खगौ कूजतः।

PROJECT WORK

The following projects have to be done according to your respective roll numbers.

HINDI

1.' प्राकृतिक सुंदरता का कोलाज ' कविता के आधार पर भारत के पर्वतों , नदियों , झरनों और वनों का दृश्य दिखाते हुए कोलाज तैयार कीजिए। (ROLL NO. 1,2,3)

2. हॉकी की ट्राफी का एक 3D मॉडल तैयार कीजिए। (ROLL NO. 4,5,6)

ENGLISH

1. Make a 3D model on the friendship between Krishna and Sudama.(
ROLL NO. 7,8,9)

2. Make a working model on the kinds of nouns.(ROLL NO. 10,11,12)

MATHS

1. Prepare a working model showing different types of fractions.(ROLL
NO. 13,14,15)

2. Prepare a working model of different types of angles.(ROLL NO.
16,17,18)

SCIENCE

1.The Balanced Diet Plate: Create a 3D pie-chart plate using a paper plate and air-dry clay. Shape and paint different food items to show the

correct proportions of carbohydrates, proteins, fats, vitamins, and minerals needed daily. (**ROLL NO. 19,20,21**)

2.The Desert Habitat

Characteristics: Dry, hot, and sandy.Plants: Cacti (with spines instead of leaves to prevent water loss).Animals: Camels (with humps to store fat), scorpions, and lizards.

3D Materials: Use sand, light brown clay, and toothpicks for cactus spines. (**ROLL NO. 22,23,24**)

SST

1. Unity in diversity 3D model

(Represent different states, festivals, and traditions of India) Using cardboard , decoration material.(**ROLL NO. 25,26,27**)

2. Halma community. 3D model

(Clean ponds,Build rainwater harvesting pits

Save water in the village or

Tree plantation

Farmers working together

Community gathering)

Using mud , cardboard ,trees plants.(**ROLL NO. 28,29,30**)

SANSKRIT

1. कार्डबोर्ड की सहायता से धातु शब्द का प्रयोग करते हुए एक 3D मॉडल तैयार कीजिए। (**ROLL NO. 31,32,33**)

2. ऋग्वेद पर एक 3D मॉडल तैयार कीजिए।(**ROLL NO. 33, 34,35**)

NOTE:

Project work would be submitted from 17th August to 20th August for Subject Exhibition on 22 August 2026.

Students are required to prepare their projects neatly and creatively. The marks will be included in Internal Assessment of Half Yearly Examination.
